DEWAN'S INSTRUCTIONS

I Koramangala Tank

1 Development of the atchkat under the tank for utilising the lands for growing vegetables by forming small plots that could be le ased out

2 To drain away the tank bed properly so that the tank bed may beutilised for cultivation, plough up the land with a tractor, divide the land into small plots so that they may be leased out for vegetable gardening Sewage water to be allowed to be used from the approach channel

II Main Drain - The old main drain which is having a serpantine course to be canalised

III Sunkal Farm - The Sewage Grass Farming be allowed to continue in Sunkal Farm till the end of June 1943 but arrangements to be made by the Horticultural Department to irrigate the lands in such a way that stagnation of water on land is not permitted by dividing the Sewage Farm into smaller plots so that drainage may be facilitated

IV The Horticultural Department to take up development of sewage farm in the tank bed of Koramangala so that the Sewage Farming in Sunkal Farm may be given up from June 1943

V To put up a programme of work for utilising the money on hand that is, the grant given by Government and the contribution amount from the Municipality and extend sewage system to western Basavanagudi and Chamarajpet and if possible to Malleswaram

VI Attempts to be made to get cement to continue the main ovoid sewer and if cement is not made available to proceed with the extension of sewerage system in other parts where the work is still to be undertaken

Lawley 4-9-43

5) Certain improvements were ordered to be effected to the Kurumangala Tank, also in the Devans memo dated 9.4.43

Page 1 of the notes

The progress made up to the end of July 1943 is as follows:-

(a) 22 acres out of the attached (180 acres) have been marked up by the Tractor of the Agriculture Dept

(b) The tank bed cannot be thoroughly

owing to the soft nature of the soil & this work would be taken up some later on

(c) Masonry central drain work has been completed, along with excavation of two supply channels

(d) Canalization of the flood water drain is nearing completion

(e) A revised estimate for Rs 57,160 has been framed for the erection of sluices, formation of roads etc on the attached lands & sent to the Director of Horticulture for acceptance

CW/211

5f) In the meanwhile, at the request of the British Military authorities, 60 acres of Kanivu under the attached have been agreed to be given to them for vegetable growing for a period of one year, subject to the payment of rent which will be settled in due course on consultation with the Bangalore City Council (vide GO No 563 Rev Dy 10.9.43)

Letter No 132 Dy 27-10-43 from the Special Officer City Drainage Scm forwarding a progress Report for the month ending 10th Oct 43 on the Kovamangala & allied works as per instructions of the Diwan

Letter No A1 91/43 Dy 3-11-43 from the ml Comm Bangalore City stating that a reply from the chief secy to Govt is awaited as to the disposal of the land in the Tank

Letter No C81 1178 Dy 8-11-43 from the Dr of P Health forwarding the progress Report for the month ending 10 Oct 43 received from the Special officer, City Drainage Division, Bangalore

Letter No C48 20/42-43 Dy 9-11-43 from the Dy Comm Bangalore ~~&~~ forwarding the progress Report for the month ending 10/10/43 received from the Spl Officer City Drainage Scm, Bangalore sent for perusal.

7(i) - With reference to connected letters Nos R 2582/Rm 27-42 Dy 9-11-43 & Dol 29) Dy 9-11-43 addressed to the ml Comm Bangr & the Residency respectively by the Chief Secy to Govt "S & T" O.M.C.

7(ii) From the above letters it is seen that the Military authorities do not want the land near the Kovamangala

7(iii) The ml Comm has been requested

to take necessary action for leasing out the lands as the Patta Instructions have also been issued that the produce may be offered to the Military authorities in the first instance & that such portion of it as may be [illegible] brought by them may be disposed of in the civil market

VHB 14/11 JM 15/11 74/ Another letter has been received from the ML Comr. forwarding a list of plots up for 15/11/43

Letter No. A1. 91/43-44 dt 13-11-43 from the ML Comr. Porur, stating that action will be taken for leasing out the plots in the Kovamangala Tank as soon as sluices for supplying water to the plots are formed etc.

75/ submitted for perusal as directed above

VHB 15/11 JM 76/ No estimate for the formation of sluices have yet been received from the Director of Public Health & will be requested to send up the same early as will be taken to take

77/ now that the city ML has taken action to lease out the land, it is desirable to avoid the dual control & to see that the estimate is financed by the ML & that the work relating to the formation of sluices is taken up & completed under the agency of the ML otherwise

The work of leasing out the land for the grazing of vegetables would be delayed considerably and this is to be avoided these facts will be pointed out to the Municipal ~~Committee~~ Commissioner who will be requested to take quick action in the matter

7B/ A & B are for favour

Lawley 15/11/43

79/ A question may be suggested & Municipal officials immediately

+ 11 lands under the Kosamangala

Continuation Sheet | File No / Current No | of | Page

From the Director P H
No C 11-1206 of 23-11-43
solicites orders as to whether
works for the improvement of Kora-
mangala tank bund to the
extent of Rs 52,160/-, as proposed
by the Director of Horticulture
may be taken up or the works
at an estimated cost of Rs 14,000/-
already sanctioned executed
85/- in G.O. of 6-7-43 sanction
was accorded to an estimate
for Rs 14,000/ for the formation
of plots in the catchment of the
Koramangala tank for
growing vegetables
86/ But the Director of P H is
stated to have submitted a
revised estimate for Rs 52,160/-
for the above said works and the
details of the work to be carried
out at a cost of Rs 52,160/- are
noted in the report (flag A)
87/ And the D P H seeks instructions
as to whether it is necessary to get
the work done at the revised estimate
a cost of Rs 52,160/- or

to carry out the scheme already sanctioned at a cost of Rs 14,000/ subject to the orders

88/ Steps a point for 25/11/43 orders as to whether the Municipal Engr may not be requested to execute the works referred to in the estimate for Rs 14000 already sanctioned by the Govt & to take up any other works later on. The estimate for Rs 52,160/ appears to be rather prohibitive

89/ The work of forming bridle paths might be taken up immediately by the Municipal agency pointed thro' so that the plots might be leased out as soon as possible

Lawley for 25/11/43

90/ The sanctioned works of the estimated Rs 14,000 may be taken up at once. The work of forming bridle paths may be taken up by the Municipal agency under whose auspices the plots might be disposed of

Subject - Monthly Report in the matter of effecting certain improvements to the Koramangala tank, Main Drain - and the Sunkal Farm in the City

---

With reference to your letter No L 10298/M1 dated 16th April 1943 in the matter of effecting certain improvements to the Koramangala Tank and the Sunkal Farm, I have the honour to forward herewith the monthly progress report of the action taken till the end of April 1943 in - Sunkal Farm and Koramangala Tank, for the information of Government -

Sunkal Farm - To facilitate the free flow and to prevent the - stagnation of sewage water in the channels feeders and grass plots, in Sunkal Farm, the following action has been taken till the end of Apri

1 Removing silt and deepening the feeder channels,

2 Cutting the grass from the sides of the drains and keeping them clear
3 Scraping off furrows daily and keeping them free of weeds in the grass plots,
4 Cutting and dividing the big plots into smaller bits and opening out central drains to drain out extra water,
5 Regulating the irrigation by dividing the grass plots into smalle sections and irrigating each section once in a week to prevent -- stagnation of water

The Koramangala Tank -

1 The area has been inspected
2 For further action the plan of the area is awaited from the - Special Officer, City Drainage Division Bangalore, who has been addressed in the matter and after the plan is received the marking of plots etc, will be commenced

I have the honour to be

Subject - Monthly Progress Report of works done in accordance with the instructions of the Dewan

In continuation of this Office Report No 3381/H dated 1st May 1943, in the matter of effecting certain improvements to the Koramangala tank and the Sunkal Farm, I have the honour to submit herewith the Progress - report of the action taken till the end of May 1943 in Sunkal Farm and Koramangala tank for the information of Government -

Sunkal Farm -

The improvements carried out and reported in the last report were maintained and further cleaning of the drains continued Filling up -- depressions wherein water used to stagnate was done The grass was not allowed to overgrow the drain Constant cleaning of channels and feeders in the grass plots was attended to

The Koramangala Tank -

The plan of the Koramangala tank bed and achkat was received and necessary acre plots were marked in the achkat and sent back to the --- Special Officer, City Drainage Division, Bangalore, along with the forms of agreement for leasing out the plots for growing vegetables

The instruction of the Dewan is to lease out the tank bed for - vegetable gardening The minimum time for leasing out is at least for one year since the lessee have to prepare the land and take two crops This department has also got instructions to take up development of Sewage Farm in the tank bed of Koramangala giving up the farming in Sunkal Farm from June 1943 Shifting of the present Sunkal Farm has to be taken up after the ~~xxxxxx~~ period of lease is over and then wire fence has to be put up, buildings such as barn, office, saleroom, tool shed, cattle shed, watchmen quarters, and quarters for the other staff, have to be constructed An estimate of cost for shifting will be prepared and submitted in the meanwhile In the above circumstances, it is requested that farming in Sunkal Farm may be continued as it takes at least one year to layout the whole area and shift the present farm

1 Koramangala Tank.

(1) The tractor with plough has arrived a week back but due to the monsoon rains, the Agricultural Department have not started the work of ploughing the bed This work will now be taken up as immediately the conditions of weather permit The leveling out will be done as soon as the ploughing of the bed is finished The expected progress per day with the tractor is reported to be 2 to 3 acres per day The area of the bed is 80 acres and that of the atchkat is about 180 acres

(2) The central drain channel in the bed is completed except for a small further deepening for more effective drainage of the bed This latter is being now attended to and will be finished in the course of a week more at the latest The tank bed is now almost dry The excavation of two supply channels in the bed required for the farming in the atchkat is also nearing completion The block level plan dividing the atchkat into smaller plots to be leased out in the atchkat was received from the Horticulture Department and a few blocks have been marked out on the ground with the adjacent road and hickle portions so as to start ploughing with the tractor in the atchkat also

II The work on canalisation of the old storm water drain has been started Canalisation of the central drain has been finished and the filling in of the adjacent course is now being attended to This work will be finished shortly

III Programme of work for 1943-44 was submitted and sanctioned by Government

Cement has just been received for the main Ovoid Cement Concrete sewer work and this will soon be started The tendered contractor has been given notice to start the work.

Secretary to Government of Mysore,
Law Department, Bangalore

Sir,

In continuation of this office letter of even No dated the 19th July 1943 in regard to the instructions of the Dewan in the matter of effecting certain improvements to the Koramangala Tank Etc I have the honour to forward herewith for the information of Government a copy of letter No 53 dated the 10th August 1943 from the Special Officer City Drainage Division Bangalore to the Director of Public Health in Mysore received through the former's Memo No 103 dated the 10th August 1943

I have the honour to be,
Sir,
Your most obedient servant
Deputy Commissioner
Bangalore District

Subject for perusal
The connected file has been submitted to Hon Minister on 30-7-43, the dearness Number being 614

Copy of letter No 53 dated 10-8-43 from the ~~Dxxxxxxxxx~~ ~~Hxxxxxxxxxxxxxxxxxxxxxx~~ Special Officer City Drainage Division, Bangalore to the Director of Public Health in Mysore Bangalore re- report on progress of works as per Dewan's instructions for the month of July 1943

--- - ----------

I have the honour to submit herewith the progress report on works regarding the above for the month of July 1943

1 Koremangala Tank

The work of ploughing the etchkat by the tractor has been started and about 22 acres have already been ploughed The Agricultural Engineer is of opinion that the tank bed does not admit of being ~~xxxxxxx~~ ploughed immediately, as the tractor cannot work, owing to the soft nature of the soil even though the upper surface to a certain depth is dried up This will probably be taken up later after the etchkat is completed when the ground may be found to be more suitable for undertaking the work

2 The central drain in the bed has been completed The surface in the tank bed for some depth is now practically dry The excavation of the two supply channels from the flood water drain to the sluices has been completed

II Canalisation of the flood water drain is nearing completion The old zig zag course of the drain which was very unsightly has now disappeared The depressions and scours in the sides are being gradually filled up

An estimate amounting to Rs 52 160/- for the construction of the hackies with stone slabs, cross bunds, formation of roads and providing road crossings as per the modified proposals sent by the Horticultural Department has been prepared and submitted to the Director of Public Health in Mysore, Bangalore, in this office No 16 dated 13th July 1943 for obtaining sanction of Government

The cement required for the main sewer has been received but the contractor is delaying the starting of the work Only arch block are being done and sewer construction has not been started by the contractor Since he has not given the stipulated progress, a recommendation has been submitted to the Director of Public Health for the cancellation of the present contract and for calling for fresh tenders for the work

Vegetable growing at Koramangala Tank -
employment of Prisoners of a.

***

I am directed to invite reference to the correspondence ending with your letter No F 88-42/P dated the 12th August 1943 on the above subject and to state that owing to acquisitions of lands round about Bangalore for Government purposes, a number of families whose hereditary calling was cultivation of vegetables became dispossessed of their lands and the question of settling these expropriated ryots on suitable lands was under the active consideration of the Government and Government accordingly have sanctioned the disposal of the lands in question for being leased out in plots of suitable sizes to these professional vegetable growers

In these circumstances, this Government regret very much that it has not been possible to comply with the request of the military authorities that an extent of about 140 acres or may be made available to them for vegetable growing by

P T O

the Prisoners of ar I am to state, however that the Government will be glad to make available to the military authorities such lands in this area as may remain unallotted or undisposed of under the scheme

I am to add that the scheme which the Government have sanctioned is also calculated to augment the supply of vegetables which may be calculated to benefit military needs in this respect as well as a portion of the requirements of the civil population of the City and Civil & Military Station

I have the honour to be

Sir —

Farming and growing vegetables in the Formangala tank bed and catchment — Government's instructions

I have the honour to state that the Director of Horticulture intimates in connection with the above subject that the lands are not suitable for a Government vegetable farm and hence they are not required by the Horticulture Department. Copies of his letter No 609 dated 30th August 1943 and No 727/1 dated 7th September 1943 are enclosed for the information of Government.

As regards the leasing of the lands, this will be attended to by the Bangalore City Municipality. The Municipal Commissioner intimates that this will be done after obtaining the approval of the Municipal Council. The Municipal Commissioner and the President of the Municipality are agreeable to leasing out the land, look to the maintenance of the supply of water and the supply channels, any complaints from the lessees, and the collection and accounts of revenues to be realised. They want to auction the sites themselves. Copies of letter No 74 dated 30th August 1943 of Special Officer and No C 2-1470 dated 1st September 1943 of the Municipal Commissioner, Bangalore City Municipality are also enclosed herewith for the information.

I have the honour to be,
Sir,
Your most obedient servant,
O Ramsay
Director of Public Health

Subject - Formangala tank

With reference to correspondence resting with your No C 81-1015/41-42 dated 18th August 1943 regarding the utilisation of the Formangala tank bed and catchment lands I write to state that I inspected the Formangala lands on the 26th instant with Mr. Joshi, Special Officer, Bangalore City Municipality, Mr. Vittal Murthy, Assistant Engineer, Bangalore City Municipality, and Mr. Nanjappa, Superintendent, Government Gardens, and found that they were not suitable for a Government Vegetable Farm.

Later I saw the Minister for Health and the Secretary and explained the situation. They have finally accepted my view. The Minister wanted me to inform you that your department should make

immediately

immediate arrangements for the auction of the lands as proposed before [illegible] agreed with me that the case of Tigalars who are professional market gardeners should receive consideration and that we both may settle what preference may be shown to them Probably some land may be set apart for them, as the Commissioner thought

I therefore request you kindly to take further action in the matter as early as possible, as requested by him on the 23th instant

---

J O Letter No 727/I dated 7th September 1943 from the Director of Horticulture in Mysore, Bangalore, to the Director of Public Health in Mysore, Bangalore

With reference to your J O No C 81-1037 dated 28th ultimo I write to confirm our telephonic talk in respect of the attached land of the Doraman gala tank which is not required by this Department

---

Letter No 71 dated 30th August 1943 from the Special Officer, City Drainage Division, Bangalore, to the Director of Public Health in Mysore, Bangalore

-

Subject - Leasing out of Doraman gala lands for growing Vegetables

--

I have the honour to report that the Municipal President and the Commissioner were met by previous appointment today at the Municipal Offices and the position was explained The next meeting of the Special Officer, Municipal Commissioner and President, Municipal Engineer is to take place at Doraman gala tank site on 1st September 1943 A plan of the attached with the plots marked thereon has been given to the Municipal President and the drafting of the condition of the auction of the right of growing vegetables on the lands is being done by the Municipal Engineer as per instructions of the Municipal President The Municipal Commissioner and President were agreeable to leasing out the land, look to the maintenance of the supply of water and the supply channels, any complaints from the lessees and the collection and accounts of revenues to be realised they want to auction the sites themselves A further report after the joint inspection on 1-9-1943 will be submitted for information

---

Letter No C2-1470/42 from the Municipal Commissioner, Bangalore City to the Director of Public Health in Mysore, Bangalore

--

In confirming the minutes of 30th meeting, in the matter of leasing out of lands forming the bed and subsoil of the Doraman gala Tank, I have the honour to state that the disposal of the lands in question will be attended to by the Municipality immediately after taking the approval of the Municipal Council to be held next week

Re Government's instructions in the matter of effecting certain improvements to Moramma Gowda Thota -

In continuation of this office letter No C 81-1039 dated 27-8-1943 on the above subject, I have the honor to enclose herewith for the information of Government a copy of the progress report for the month ending 15th September 1943 received from the Special Officer, Bangalore City Drainage Division.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Health

Progress report for the month ending 10th September 1943
on the Koramangala and allied works as per
instructions of the Dewan
==========

Koramangala Tank bed

1) The central draining channel has been completed Two supply channels one on either side have also been completed The Agricultural Engineer inspected the bed and decided that the bed still requires some more drying and the tractor ploughing, which was attempted and could not be done now, may be done about 2 to 3 months later as per his report

2) The canalisation of the storm water drain has been completed and the drain up to the tank bed is being handed over to the Municipality for maintenance as usual

3) The attempt to the extent of about 80 acres has been ploughed and is available for leasing out The Director of Horticulture was first ordered to take this up for vegetable cultivation and the Special Officer showed him the lands in an inspection on the 26th instant He saw the Minister and the Dewan the same day and informed that he does not want either the bed or the attempt, as he thinks they are unfit for vegetable growing at present The Special Officer was ordered by the Director of Public Health and the Municipal Commission and President on the 30th September and the tenders jointly inspected on the 1st of September 1943 It was agreed that the Municipality, since the lands are theirs, were to advertise and lease out the lands themselves This was also agreed to in the joint meeting in the Chief Secretary's room on 1st September 1943 at 4 P.M. in the afternoon The Municipal Council also agreed to this There was a joint meeting on the 10th September 1943 at 5.30 P.M. in the Dewan's chambers when the Municipal Commissioner, the Municipal President, the Director of Horticulture, the Chief Secretary and the Special Officer were present It was agreed that the Military who have been asking for these lands, may be given the option of choosing them to the extent they desire and the rest, if any remain, may be leased out by the Municipality to Thiglers The Chief Secretary has accordingly written to the Military asking their representative to meet the Special Officer for inspection and settlement The leasing thus stands at this stage at present

The boundary stones between the plots about 100 are ready and being fixed and the rest viz., 900 will be fixed in about a week's time, as per Dewan's instructions in the Dewan's chambers meeting The channel from the tail end of the central channel in the attempt is being also graded up to a length of 2000 feet further downstream so as to prevent ponding and to drain the lower parts of the attempt Tenders were called for and work has been started All other works pertaining to this Division regarding the Dewan's instructions have been completed

the lease of the land in question his reply is awaited ...

Progress report for the month ending 10th October 1943 on Koramangala and allied works as per the instructions of the Dewan.

---

1 (i) Plots have been formed in the atchkat and set out on the ground. Boundary stones for most of the plots have also been fixed. No reply has been received to the Chief Secretary's letter regarding the taking up for lease of the acre plots by the Military. No leasing out which was to be done by the Municipality has been therefore effected up to date.

ii. Canalisation has been completed and the storm water drain handed over to the City Municipality for maintenance.

V and VI. Due to very heavy rains and flooding of excavation trenches, the work of the main Ovoid sewer could not be proceeded with until now. As the rains appear to be over, now, nearly over this work will be taken up. In the meanwhile, to make up for short progress works on the Malleswaram area and the Chamarajpet areas are being taken up for execution and tenders for these works are under submission to the Government.

Progress report for the month ending 10th October 1943 on Koramangala and allied works as per the instructions of the Council -

1 (1) Plots have been formed in the atchmat and set out on the ground boundary stones for most of the plots have also been fixed No reply has been received to the Chief Secretary's letter regarding the taking up for lease of the acre plots by the military leasing out action as to be done by the Municipality has been therefore effected up to date

11 Canalisation has been completed and the storm water drain hand over to the City Municipality for maintenance

and /I

Due to very heavy rainfall and flooding of excavation trenches, in four of the main Outfall Sewer could not be proceeded with until now. As the rains appear to be now, nearly over, this work will now be taken up. In the meanwhile, to make up for short progress, work on the Mallesvaram area and the Jamarajpet areas are being taken up for execution and the plans for these works are under submission to the Government.

Yours faithfully,
Special Officer,
City Drainage Division

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

No R 2582/RGT 27-42 — General and Revenue Secretariat

Bangalore Dated 9th Novr. 1943.

FROM

The Chief Secretary to the Government of His Highness the Maharaja of Mysore

GEN & P I S CR
2839/L
9 NOV 1943
L S G BANGLORE

To

The Commissioner,
Bangalore City Municipality

Through the President.

SIR

Subject:- Vegetable growing under the Koramangala tank by employing the Prisoners of War.

With reference to correspondence ending with this office Memo No.R 1594-9 dated 10th September 1943 on the above subject, I am directed to state that the Military authorities do not want the land and that the Municipality may dispose of the lands for vegetable cultivation, by leasing them out in suitable blocks for a period of five years. Steps should be taken to see that the lands are brought under cultivation as quickly as possible. There will be objection to give priority to existing lease-holders in the event it is decided to dispose of the lands outright and finally, at a later date.

I am to add that the vegetable produce of these lands may be offered to the Military authorities in the first instance and such portion of it as they do not buy may be disposed of in the Civil market.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Secretary to Government.

SIR I ,

Subject - Establishment of Government Vegetable Farms for supply of fresh vegetables to the Army

With reference to correspondence ending with your letter No.F 88-42/7 dated the 19th October 1943 on the above subject, I am directed to state that as the military authorities do not want the land near Koramangala, action is being taken to dispose of them for vegetable cultivation immediately and to arrange to bring them under cultivation as quickly as possible. Instructions have also been issued that the produce may be offered to the military authorities in the first instance and that such portion of it may not be bought by them may be disposed of in the civil market.

I have the honour to be,
Sir,

Sir,

In continuation of this office letter of Even No dated the 27th September 1943 in regard to the instructions of the Dewan in the matter of effecting certain improvements to the Koramangala Tank etc , I have the honor to forward herewith for information of Government a copy of progress report received with Memo No 259 dated the 27th October 1943 from the - Special Officer, City Drainage Division, Bangalore

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Bangalore District

T M C

Progress report for the month ending 10th October '43
of Koramangala and Allied works as per the instructions of the Dewan.

\- - -

1 (i) Plots have been formed in the atchkat and set out on the ground Boundary stones for most of the plots have also been fixed No reply has been received to the Chief Secretary's letter regarding the taking up for lease of the acre plots by the Military No leasing out which was to be done by the Municipality has been therefore effected up to date.

(ii) Canalisation has been completed and the storm water drain handed over to the City Municipality for maintenance

V and VI Due to very heavy rains and flooding of excavation trenches, the work of the Main Ovoid Sewer could not be proceeded with until now As the rains appear to be, now, nearly over, this work will now be taken up In the meanwhile to make up for short progress, works on the Malleswaram area and the Chamarajpet areas are being taken up for execution and tenders for these works are under submission to the Government

SIR

In continuation of this office letter No A1- 1-43 dated 4-11-1943, in the matter of leasing out the lands in the atchkat under the Koramangala Tank for growing veg tables, I have the honour to state that the Chief Secretary to the Government of Mysore has intimated in his letter R 2582 dated 8th November 1943 that the Military Authorities are not agreeable to take the lease of the land in question and that the same might be leased out in Public Auction for five years in the first instance & that the notification for the sale of the lease right cannot be issued immediately as it is ascertained that pickles for supplying water to the plots have not yet been formed for want of sanction to the estimates in this behalf Copy of the letter received from the Special Officer, City Improvement Division, requesting the Director of Public Health to obtain sanction of Government early to the said estimates is herein enclosed A D C letter has been written by me also, this day, to the Director of Public Health to expedite action in the matter After the estimates are received duly sanctioned by Government, further action to lease out the land will be taken as early as possible

I have the honour to be,
Sir,

Letter No 140 dated 4th November 1943 from the Special Officer, City Drainage Division, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Subject - Estimate for the formation of acre plots in the atchkat of Koramangala tank

---

I have the honour to invite your kind reference to this Office No 16 dated 13th July 1943 with subsequent No 81 dated 8-9-1943 regarding the above and request that sanction of Government may kindly be obtained and communicated early

In this connection, an estimate for Rs 14,000/- for the above work providing for hickles with pitched beds and turfed side slopes ~~and the estimate~~ was duly sanctioned But the Horticultural Department on whose recommendation the previous estimate was prepared subsequently changed the nature of the hickles which they then wanted to be entirely of stone slabs for which an estimate for Rs 52,160/- was prepared and submitted to you for sanction The Municipality are likely to require the hickles done very early and it will take some time even to construct the cheaper type of hickles and the slabbed hickles will take still more time as the quantity - required is very large and transport and labour in quarries is difficult to obtain Hence I request that definite orders may kindly be obtained regarding the nature of hickles to be constructed and the concerned estimate sanctioned for early execution of the work

The matter may kindly be treated as urgent

No 280 Dated, Bangalore, the 10th Nov 43

Copy of the above is forwarded with compliments to the Municipal Commissioner, City Municipality, Bangalore for favour of information, as required on the Phone yesterday evening
